Almaterm is a Romanian company located in Constanta, the largest port on the western coast of Black Sea.

The company object is to produce windows and doors, taking into consideration and anticipating the requests and the expectations regarding the supply and maintaining of the quality.

The company motto: “Make your home a work of art!” is the best definition for Almaterm product: a window that has all the following characteristics fulfilled: the best thermal and acoustic insulation, the best security against burglary and also the most pleasant design.

The quality of Almaterm windows and doors is certified by the Autonomous Non-profit Company for Innovations and Quality Control in Building-EMI Hungary, through the grant certifications CE to our products.

We are interested to export our products worldwide.
APMC is your externalised Customer Care Department. Together with APMC you can find out and monitor your customers’ satisfaction and reactivate the “latent” ones, generating new business. “Your most unhappy customers are your greatest source of learning!” (Bill Gates) Only if…you know their opinion and make amends!

APMC is a “warm” agency, focused on tailor-made projects, according to the customer’s needs. It is based on direct contact with your clients, building a close and trustful relationship with your company.

What might you lose if we don’t meet?

- An analytic report about your portfolio status: how many customers return to your company for new purchases and how many migrate to the competition!
- Money, from new potential contracts!
- Loyalty strategies, without buying expensive CRM software!
- The experience of a specialized company!
- The possibility to have your own Customer Care specialized Department!

…and you won’t know:

- WHY you lose customers!
- how to be one step ahead your competitors!
- how to transform your clients in CLIENTS FOR LIFE!
- why your customers migrate to the competition!

APMC keeps your business and your customers together!

Business Offer:

B-Team Corrosion Protection provides a comprehensive range of corrosion inhibitors, materials, and services for corrosion prevention across various industrial areas. We offer technical solutions for metals, aluminum, and copper corrosion, tested in numerous industrial projects in Romania and other European Union countries. B-Team Corrosion Protection has applied over 30,000 sqm of rubber lining and over 20,000 sqm of other corrosion protection.

Our offerings include complete systems based on rubber lining coatings, synthetic resins, antacid bricks and sandstone, special mortars and screeds, industrial flooring, antacid paint, and plastic components. Antacid products are suitable for the most demanding chemical, thermal, and mechanical conditions, maintaining quality and performance standards.

Additionally, our corrosion protection services include the application of polymer materials linings and coatings, acidproof linings based on titles, bricks, and mortars.

Depending on specific requirements, B-Team Corrosion Protection helps you select the best solution for high performance needs.

With a wide range of resistant materials and lining systems for steel and concrete structures, B-Team Corrosion Protection covers industries such as the chemical and petrochemical industry, power industry, pharmaceutical industry, food industry, mining, pulp and paper, steel and metallurgical industry, water treatment plants, and waste incineration plants.

We continuously evaluate all features related to safety, functionality, usability, durability, and cost. B-Team Corrosion Protection specialists choose the most appropriate materials and application techniques based on comprehensive individual analyses of the specific conditions of your installation (media compositions, concentrations, temperatures).

Fibrexnylon and Yarnea, both companies part of RadiciGroup since 2000, are located in Romania, Neamt county, on the Industrial Platform Savinesti. The principal activity of Fibrexnylon is distribution of electrical energy.

We have adequate lands and spaces for development of a wide range of industries such as textiles, machineries, chemicals, logistics, etc. These facilities are complemented by an integrated network providing utilities. We refer to electricity, drinking water, industrial water, biological treatment plant, sewerage specific networks hydrants, infrastructure etc. as well as industrial roads and railways which completes the picture of an industrial platform.

As an urban point of view we are positioned within the built-up of Savinesti village, in the industrial area. This is a real advantage in getting the full range of necessary permits establishment and operation of companies, according to Romanian law.

Our area is safe, property security has been provided by the integrated security system consisting of human security and the electronic security. The skills and the cost of labour and can you get provided in area are another strong point.

It's important to know that in the area of industrial platform operates about 30 companies of which 14 are owners and tenants the rest. Total employees working at this companies is approx 2000 people.

We have around 350.000sqm land to build and 40.000sqm building, available for sale and for rent also.

For any information don't hesitate to contact us.

By way of introduction, we are the single Romanian company undertaking all stages of collecting, processing, freezing, packing and exporting high quality top-shell meat from Rapana Venoasa / Thomassiana collected by divers and trawlers in the Black Sea during the summer fishing season. Products: Boiled and eviscerated top-shell meat, IQF and packed in 10kg plastic bags, 2x10kg per box.

Frozen whelks in their shell, boiled, IQF and packed in 3kg bags, 5x3kg per box.

Location: Own 2013 purpose-built factory with EU Veterinarian approval No. F-398 and also HACCP Plan. It has the latest high performance freezing and ventilation systems, is internationally certificated and conforms to all required EU standards. All processing is permanently monitored.

Contact: We are always pleased to invite potentially long-term clients to visit our facility near Mangalia and to discuss their requirements with us in detail.

Off-season processing: We would be interested in processing fish and molluscs other than rapana during the December/April off-season and welcome contact with anyone with access to these products and interested in having us process them in any form of joint venture.

Waste products: We are interested in finding buyers for empty shells which could be used in construction processes, or in viscera which has potential uses in both the pharmaceutical and cosmetic industries.

Romcarbon is a prestigious brand, recognized on both Romanian and European plastic processing market. We have a tradition of over 50 years in polyethylene, polypropylene, PVC, polystyrene processing, but also in producing filters and breathing protective materials.

In the mid-2012, we have inaugurated a new profit center, called "Plastic compounds and regenerated raw materials"- we are now able to produce Engineered Plastics based on virgin polymers, such as: PP, PA, ABS, PA6, PA6-6 and also regranulated materials, such as r-PP, r-PS, r-ABS.

We currently develop our activity on seven profit centres, our products portfolio containing over 2,000 items of all sizes and types.

We can provide:
- polypropylene bags, fabric and strap
- polystyrene trays- catering, absorbent, standard
- XPS panels
- polyethylene film, covers, bags
- plastic compounds and regenerated raw material
- air, oil, fuel filters for cars and trucks
- breathing protective materials
- PVC road indicators

Right now, all our efforts are heading towards sustainable development in the green industry. We are confident in 2 developments directions; on one hand, we will focus our activity on producing items for the food industry and, in this way, we will keep improving our products; on the other hand, we are heading to another field, namely “green industry” – right now the domain with the biggest impact over the world’s evolution.

The Quality Management System implemented in Romcarbon is certified by the major national and international bodies. Our Quality Management System meets the high standards of ISO 9001:2008. In addition, we are certified ISO 14001:2005 for environmental system. We also have implemented the standard OHSAS 18001: 2007 for occupational health and safety system.

ROMCARBON has all necessary certifications in order to attest the compliance of our packaging with alimentary products, the test analysis revealing the fact that our PE, PS and PP processed items are “heavy-metal free”. Moreover, for PP bags we are certified by LABORDATA – Germany regarding the hazardous substances carriage.

The Chamber of Commerce and Industry of Romania – The National Chamber – is a nongovernmental, independent, non-profit, public utility organization, with legal identity, intended to represent, support and defend the general interests of the business community in Romania. The National Chamber has the role to promote and pursue the development of industry, commerce, services and agriculture, in line with market economy requirements.

The Romanian Chamber System consists in:

- The National Chamber which is the representation vector of the Chamber System;
- The County Chambers of Commerce and Industry and Bucharest Municipality;
- The Bilateral Chambers.

National Chamber – Role and activity

The National Chamber is the most important representative organization of the Romanian business environment and holds a key role in promoting the interests of the Chambers System, as well as of the Romanian business community.
**Strong Representative Organization**

The National Chamber collaborates with over 50 national public, central and local institutions, being a voice within:

- Governmental committees and working groups;
- Parliament, Government and Presidency consultative organizations.

The National Chamber collaborates with over 170 organizations worldwide and is an active, rightful member of the following international representative organizations:

- ICC – The International Chamber of Commerce;
- Eurochambers – The Association of European Chambers of Commerce and Industry;
- ABC – The Association of Balkans Chambers of Commerce and Industry;
The National Chamber – Unique National Services

Issuing Certificates of Origin

The Certificates of Origin are international trade documents certifying the country of origin of the shipped goods, meaning the country in which they were actually produced.

The Certificates of Origin are important for the classification of goods according to the Customs Tariff of the importing country and thus to determine / calculate the amount of owed duties.

Issuing ATA Carnets

ATA is an acronym combining the French and English phrases "Admission Temporaire / Temporary Admission."

ATA Carnet is an international document, issued by the 67 affiliated countries, which allows the owner, to temporary (up to one year) import goods without payment of normally applicable duties and taxes, including value-added taxes. The Carnet eliminates the need to purchase temporary import bonds, simplifies border crossing procedures, using a single document and allowing the visitation of several countries during the same trip.

ATA Carnet is a passport for the following goods commercial samples; exhibits for trade fairs, exhibitions, shows, demonstrations and other special promotional events, professional equipment (artistic events, sports, technical).

Endorsement certificates for international trade

The National Chamber may issue, upon request, necessary documents for international trade (invoices, phytosanitary certificates, EUR 1 certificates, export certificates etc.). This service is particularly necessary for international trade documents signed with partners from non-signatory states of the Hague Convention in 1961 on simplifying the over legalization of the documents that are to be used abroad.

Endorsement attesting Force Majeure circumstances

The Force Majeure event is an unpredictable and unavoidable circumstance, that effectively and without any fault prevents the debtor, to execute its contractual obligation. The National Chamber is the organization empowered by law to issue endorsement certificates attesting Force Majeure circumstances. The existence of the case of force majeure exonerates of contractual responsibility the debtor/professionals.
Signature certification

The National Chamber is the organization empowered by law to issue Signature Certifications for the companies’ legal representatives, applied on its official documents.

- can only certify the signatures issued by the legal representatives of the applicant company;
- can only certify the signatures on original documents;
- certifies signature, not the content of documents;
- cannot certify legal representatives whose mandate expired;
- cannot certify for companies being radiated, in liquidation or in administration ending with insolvency proceedings.

Operator of the Electronic Archive of Secured Transactions (AEGRM)

The National Chamber is authorized by the Ministry of Justice to operate the Electronic Archive of Secured Transactions (AEGRM), having qualified and well trained staff with expertise in this field

Electronic Archive of Secured Transactions (AEGRM) is a computerized registry, organized into a single database, through which one may legally advertise about the juridical liaisons that guarantee of civil and commercial obligations.

In the archive one can sign with movable secured claims and other types of juridical documents such as assignment of debt, conditional sales, leases, contracts, consignment etc.

The National Chamber offers the following services:

- Registration of the security advices in the electronic archive;
- Specialized consultancy;
- Search and copying services from the electronic archive database;
- Release upon request certified copies of entries in the archive.
The National Chamber – Chamber System and Business Community Services

Domestic and International Business Information

Through the National Business Information System of the Romanian Chambers of Commerce and Industry (www.snia.ro), managed by the National Center for Business Information, from the Chamber Representation Division, information provided by the members of the Chamber System and partner organizations and institutions of the National Chamber, is offered:

✓ Romanian and foreign companies:
  o Financial data;
  o Supplies and demands of
    § products,
    § services,
    § cooperation,
    § investment projects,
  o Tenders
✓ National and international events:
  o Fairs and exhibitions, trade missions, forums, conferences, seminars, workshops.

Promoting the Romanian Companies

The Electronic Catalogue “Pro Business Romania”, issued yearly, presents financial and commercial information on more than 50000 Romanian companies in all areas (CD version, in Romanian and English).

The “National Top of Companies” Catalogue is issued yearly, both in print and CD, with information on over 6000 companies ranked in the National Top of Companies. The classification is made considering rigorous financial indicators, by field of activity and enterprise size. It is the most well known ranking of companies achieved by the Chambers of Commerce and Industry of Romania.

The monthly electronic newsletter InfoBulletin presents Romanian business opportunities for the foreign companies, being distributed to more than 400 key business support organizations from all over the world: centres of trade and investments promotion, Romania's embassies abroad, foreign embassies at Bucharest, Chambers of Commerce and professional associations abroad, thus reaching thousands of companies that are related with them.
Studies and position papers

The National Chamber participates through contributions of the Romanian Chamber System to studies, position papers, brochures developed at European level through regional and international bodies of which is a member: Eurochambres (Association of European Chambers of Commerce), ICC (International Chamber of Commerce), BSEC - BC (Black Sea Economic Cooperation Business Council), ABC (Association of Balkan Chambers).

European Projects

The National Chamber identifies the opportunities for participation within EU funded projects, in transnational consortia, relevant to the Chamber System in Romania.

Regarding the external relations, the National Chamber:

- Protects and promotes the economic interests of the Chamber System and of the business community on external level in relation with the international economic organizations homologous and other economic entities;
- Generate initiatives on international level to enhance external relations of the Romanian Chamber System;
- Represents the interests of the Romanian business environment in the relevant European and Euro-Atlantic organizations and develop strategic partnerships with them;
- Initiates and negotiates agreements for international economic cooperation for the benefit of the Chamber System and the business community in Romania;
- Monitoring the ongoing international cooperation and initiate the conclusion of new agreements in consultation with members of the Romanian Chamber System.
- Promotes investment opportunities for the Romanian business community and disseminates Romanian investment projects thru the National Chambers of Commerce network with which has cooperation agreements. Activities in this regard include:

✓ Documenting, processing and dissemination of investment information:

  o The investment framework of Romania (national, regional and local level) and of foreign countries (economic and legal information, elements of investment development);
  o Supply and demand of domestic and foreign investments (joint venture, technology transfer and know-how, subcontracting, licensing, franchising, cooperation in research and development);

✓ Providing support services and organizing meetings of potential investment partners - Romanian or foreign – through the County Chambers of Commerce and Industry.

Organizing national and international events:

✓ National Top of Companies annual Gala;
✓ The annual reception in the honor of the CD accredited to Bucharest;
✓ Forums, trade missions, fairs and exhibitions - at home and abroad;
✓ Conferences, congresses, seminars, courses and workshops in the halls and auditoriums of the Palace of the National Chamber – providing complete packages of services: technical support, catering, translation, secretarial, book accommodations, special assistance.
Own Media Products

NATIONAL CHAMBER’S INTEGRATED MEDIA MIX

Print:

The Official Bulletin (quarterly). A three months retrospective of the entire Chambers System. The Bulletin is edited through a joint effort of all the Chamber System members. It is free distributed to the Presidency, Romanian and foreign embassies, to the National Chamber collaborators.

Electronic:

e-Info Business newsletter (weekly). Contains up-to-date information about the National Chamber’s, its members and partners activity. The newsletter is distributed to more than 3000 subscribers like private companies, public administration and media.
The Court of International Commercial Arbitration

Is a permanent arbitration institution having its own arbitral procedures rules: Regulations on the Organization and Operation of the Court, respectively Regulations on the Court Board Organization.

 ✓ **Arbitration** for the settlement of domestic and international commercial or civil disputes, by either institutionalized arbitration or ad hoc, its jurisdiction being based on the agreement concluded by businesses in their contracts (the arbitration clause) or by a subsequent act (compromise);

 ✓ **The Arbitral Verdict** can be invested, at request, with executor formula, by the Court of Arbitration;

 ✓ **Procedures consultancy** is provided free of charge by the specialists of the Arbitration Court at its offices, by any type of correspondence (phone, post, fax, e-mail);

 ✓ **International co-operation** with similar institutions and organizations from other countries, for the purpose of establishing and developing collaboration. Participation in and organizing of international conferences, meetings, forums and seminars;

 ✓ **Study and research** of the international arbitration legislation and of the law applicable to the disputes;

 ✓ **Co-operation with the other Arbitration Courts** within the Chamber System for promoting arbitration and in case law.
Romanian Business School of the Chambers of Commerce (SRAF)

Romanian Business School (SRAF) of the Chambers of Commerce and Industry of Romania is the exponent of the business people from Romania in matters of vocational education.

The SRAF mission is to ensure professional success in a changing environment, responding to the adaptive training needs of the Chamber System and of the business community in Romania. The school goals are aimed at promoting a European standard system of training thru the 34 county offices.

What we offer?

To promote excellence in adult vocational training;
- Continuous professional training courses and authorized programs to grant certificates of graduation which are recognized nationally and internationally;
- Adoption, promotion and integration of European policy in vocational training by attracting highly qualified specialists;

Romania country profile

Romania, in southeast Europe, is mountainous in the north while the main feature in the south is the vast Danube valley. The river forms a delta as it approaches the Black Sea, which is a wildlife reserve for countless native and migratory birds.

The Romanian parliament consists of two chambers, the Senat (Senate), which has 140 members, and the Camera Deputaților (Chamber of Deputies), which has 345 members. The members of both chambers are chosen in elections held every four years.

Ethnically, the population is 90% Romanian and 7% Hungarian. The Romanian language, like a number of others in southern Europe, is directly descended from Latin, although Romania is separated from other Romance-language countries by Slav speakers. Romania has considerable natural resources – oil, natural gas, coal, iron, copper and bauxite. Metal-working, petrochemicals and mechanical engineering are the main industries.

Romanian specialities include grilled meatballs, pork stew with garlic and onions and doughnuts made with cream and cheese.

The spine-chilling tale of Dracula is based on the 15th century Romanian Count Vlad Dracul whose son was famous in wartime for impaling captured enemies. Well-known Romanians include the writer Eugene Ionesco, the gymnast Nadia Comaneci and the composer George Enesco.

Official name: Romania
Area (km²): 237 500
